

Dear Sir or Madam,

K-LOVE music network provides family-quality programming without advertisements. What a pleasure to listen to inspirational music and news knowing the content is always suitable for even the youngest ears.

The loss of this programming, if displaced by LPFM, would have a negative effect on our community as K-LOVE is unique in its content and message.

K-LOVE's service is clearly in the public interest. A positive, patriotic, inspirational program's impact on the attitude of all listeners is beyond calculus. No road rage in tuned-in vehicles is only one example. Please preserve our precious K-LOVE.

Thank you so very much,  
Jack Horacek
